

NH-U12A

Noctua NH-U12A U-Type Premium Cooler

The NH-U12A is the latest, 5th generation of Noctua's award-winning NH-U12 series of 120mm size premium-quality quiet CPU coolers. Conceived to push the envelope of the 120mm form factor, it combines two of Noctua's flagship model NF-A12x25 PWM 120mm fans with a completely redesigned heatsink featuring 7 heatpipes and an increased fin surface area for superior heat dissipation. This way, the NH-U12A can rival the performance of many 140mm size coolers while offering 120mm class case and PCIe compatibility. Topped off with the trusted, pro-grade SecuFirm2™ multi-socket mounting system, Noctua's proven NT-H1 thermal compound and a full 6-year manufacturer's warranty, the NH-U12A is a deluxe choice that combines top-tier performance with excellent compatibility and outstanding quietness of operation.

Award-winning NH-U12 series

First introduced in 2005, Noctua's NH-U12 series has won more than 600 awards and recommendations from leading international hardware websites and magazines. The NH-U12A is the latest addition to this prestigious series that has established itself as a benchmark for premium-quality quiet 120mm coolers.

140mm performance in 120mm size

Thanks to its completely revised, thoroughly optimised 7 heatpipe layout, 37% more fin surface area (as compared to the NH-U12S) and a dual fan push/pull configuration that uses the new, state-of-the-art NF-A12x25 fans, the NH-U12A pushes the performance envelope in the 120mm class and can actually match or even outperform many 140mm sized coolers.

PWM support and Low-Noise Adaptor

The NF-A12 120mm fans supplied with the NH-U12A support PWM for convenient automatic speed control through the motherboard: Full performance under load, virtually silent at idle! In addition, maximum fan speed can be reduced from 2000 to 1700rpm using the supplied LowNoise Adaptors for even quieter operation.

6 years warranty

Noctua products are renowned for their impeccable quality and outstanding longevity. Like all Noctua fans, the supplied NF-A12x25 features an MTF rating of more than 150,000 hours and the entire NH-U12A package comes with a full 6-year manufacturer's warranty.

NH-U12A HEATSINK SPECIFICATIONS

Socket compatibility	AMD AM4, AM5 & Intel LGA1851, LGA1700, LGA1200, and LGA115x (LGA1150, LGA1151, LGA1155, LGA1156)
Dimensions	158x125x58 mm
Dimensions with 2x NF-A12x25 PWM	158x125x112 mm
Weight	760 g
Weight with 2x NF-A12x25 PWM	1220 g
Material	Copper (base and heat-pipes), aluminium (cooling fins), soldered joints & nickel plating
Fan compatibility	120x120x15 mm & 120x120x25 mm

NF-A12x25 PWM FAN SPECIFICATIONS

Dimensions	120x120x25 mm	
Connector	4-pin PWM	
Bearing	SS02	
Blade geometry	A-Series with Flow Acceleration Channels	
Frame technology	AAO	
Max. input power	1.68 W	
Voltage	12 V	
MTTF	> 150,000 h	
NF-A12x25 PWM	without adaptor	with L.N.A.
Max. rotational speed (+/-10%)	2000 RPM	1700 RPM
Max. airflow	102.1 m³/h	84.5 m³/h
Max. acoustical noise	22.6 dB(A)	18.8 dB(A)
Max. static pressure	2.34 mm H ₂ O	1.65 mm H ₂ O

LOGISTIC DATA

Product name	Noctua NH-U12A
EAN	9010018000160
UPC	841501100161
Packaging dimensions (HxWxD)	168x216x175 mm
Weight incl. packaging	1800 g
Warranty	6 years
Packaging unit	8 pcs
Packaging dimensions / unit (HxWxD)	376x465x375 mm
Weight incl. packaging / unit	15.50 kg

SCOPE OF DELIVERY

- NH-U12A Heatsink
- 2x NF-A12x25 PWM premium fan
- 2x NA-RC14 Low-Noise Adaptor (L.N.A.)
- NA-YC1 4-pin PWM splitter cable
- SecuFirm2™ mounting kit
- NT-H1 high-grade thermal compound
- Noctua metal case-badge
